NOVEMBER 2009

## Message From the League Operator

Roger Schuett

APA of North Harris County

What a day. Thanks to every one who participated in the Captains Tournament on Halloween dsy. We had 49 participants. We had 5 people who qualified to go to San Antonio in Late February, early March. If they win at the regional event they get to go to Las Vegas to compete for a share of 350,000. The window to qualify closes on November 30, 2009. If you want to compete in the event you must win a board before the end of the month.

This month we have talked about defensive shots. It is important that defensive shots are marked. The other day I saw a score sheet for 2 5s with 31 innings and no Defensive shots. Come on. We need to work on marking all defensive shots. The easy rule of thumb is if the shot is not offensive it is marked Defensive. If there was no attempt to make a ball then according to the rule book it is a defensive shot. This year in Las Vegas a team got disqualified because they did not mark any defensive shot at home, but when they went to Vegas they had on average of 12 defensive shots per match. They protested because the defensive shots were not marked. For the league to be fair and handicaps to be correct defensive shots need to be marked. It is cheating to not mark defensive shots and it makes the handicap system not correct. Please talk about marking defensive shots. Let's be fair to
